To Whom It May Concern:

On behalf of the Building Committee for the new Anderson Trucking Service, Inc. Corporate Headquarters, I am pleased to write a letter of recommendation for RA MORTON and Associates.

Throughout the entire project, Preston Euerle and his team were professional and thorough. Their organized project analysis, daily on-site support, as well as management of architects and contractors enabled the project to move forward in a timely manner and assisted us in controlling costs. The constant and thorough communication we received from RA Morton & Associates made it possible for us to develop a close and successful working relationship.

The fact that RA Morton & Associates acts as "Construction Managers" allows them to choose the best possible pricing and workmanship for the job, without a conflict of interest. Their record keeper was always up to date and accurate and our project in below the original estimate.

I would recommend that RA Morton & Associates be strongly considered by anyone contemplating the construction of a new facility or expansion/remodeling of an existing facility. Our experience with RA Morton & Associates has been very positive.

Sincerely,

Anderson Trucking Service, Inc.
